

ideapad FLEX 5 (14")

ACCESSORIZE YOUR LIFESTYLE.

Proudly powered by up to AMD Ryzen™ 7 4000 series mobile processor with Radeon™ graphics, the 14" Lenovo™ **IdeaPad™** Flex 5 offers you excellent all-around performance, graphics and productivity in a flexible device built to be what you need it to be.

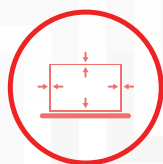

MORE CORES MEANS MORE PRODUCTIVITY.

With the most cores* available for ultrathin laptops and responsiveness that leaps into action for productivity, gaming, and content creation, AMD Ryzen™ 4000 series mobile processors give you the performance to do more, from anywhere - faster than ever before.

* Ultrathin laptop processors defined as 15W typical TDP. As of December 20, 2019, demonstrated by Ryzen™ 4000 U-series mobile processor having up to 8-cores, while comparable competitive product (Intel® 10th generation mobile processors) offer up to 6-cores.

WHY YOU SHOULD BUY THE LENOVO IDEAPAD FLEX 5 (14")

Reduce the clutter

A narrow bezel on 4 sides gives you more viewing area and less clutter to interfere with the task at hand, whether that's at work, or play, enjoy the most out of your screen with IPS panel technology and up to Full High Definition screens on the **IdeaPad** Flex 5.

Peek-proof privacy at your fingertips

Today's world is not a simple place, but that doesn't mean we can't build a simple solution to a complex problem. A physical shutter on the webcam ensures you keep out unwanted attention when you are concerned about your privacy.

Create till your heart's content

This isn't your typical laptop that you carry around—it's a fashion statement. The **IdeaPad** Flex 5 is built with a new level of attention to detail, making this machine soft and comfortable to the touch with a durable paint that creates a better user-experience and multiple color options, so you can find the one that best fits you.

From zero to 360° in a flash

The **IdeaPad** Flex 5 is designed for you to keep your ideas flowing, anywhere, anytime with the ability to multi-mode your laptop and use it in 'Laptop' mode for everyday computing, 'Tent' mode for sharing things, 'Stand' mode for binge-watching, or 'Tablet' mode for more intuitive interaction.

DC Port (round)

PRELOADED SOFTWARE

- Windows 10 S
- McAfee LiveSafe™
- Microsoft Office
- Lenovo Utility
- Lenovo Vantage
- Mirkat

¹ All battery life claims are approximate and based on results using the MobileMark® 2014 battery life benchmark test. Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

² The actual transfer speed of the USB 3.1 Gen 1 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 5 Gbit/s.

³ Support system power charge

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions

(1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.

AMD platform codes
